Arriving in Port au Prince: Airport Instructions

We will schedule one of our drivers to pick you up at the airport.

You will exit the plane and walk down a corridor and downstairs to the baggage claim area. There are a few things to be aware of in navigating the process of getting your luggage and exiting the airport;

There will be luggage carts available to rent for \$2 each. You can stack 3-4 big bags on each one. There are luggage rounders from which your bags come out from the airplane. However, airport employees may come up to you and ask for your baggage ticket, take your ticket and go and find your bag for you. You do not have to give them your baggage ticket. They will want to get a cart for you and walk you out of the baggage area to your vehicle. How much you allow these "helpers" to assist is up to you. To assist the customs process and our own inventory methods it is best if you bring a list of supplies that you are bringing in case the customs agent asks about the supplies and to give to Rajive when arriving at the BTC. You do not need to give this list to the customs agent unless you are stopped and asked about your supplies and they want more information. Otherwise, the Bible Training Center is fully authorized by the Haitian Government to bring in supplies as they know that we give these out to the people and do not sell any of the items.

If you are missing a bag be prepared. Take your baggage ticket to the counter and have the airport employee enter it in the computer. It most likely will be on the next plane. Sometimes the "helpers" will try to tell you to pay them in order to get your bags found but there is no reason for this.

You will need to show your baggage ticket to the airport employee at the exit door in order to exit the hanger. You may be stopped and asked to open your luggage by a customs agent. If questioned explain that the supplies are for relief aid. Cross to Light is approved as an official NGO in Haiti and is allowed to bring in relief aid. None of the supplies we bring in are ever sold.

When you exit the baggage area you will enter the exit corridor. Outside you will see drivers waiting. One of our drivers will be holding a "Cross to Light" sign. This is where our driver will help you load the luggage and when you tip your baggage helper (if you have a helper) a recommended \$3. We have three vehicles listed above. Once your luggage is loaded you can sit back and enjoy the off road excursion to the Bible Training Center.

Emergency

If for some reason you do not find our driver you can go inside the airport to wait. If you have a phone configured for Haiti calling please call the listed numbers. If you do not, there is a kiosk inside the airport where you can purchase a Digicel Haitian phone. You can also ask the airport for a phone. Start by calling Rajive and Luccone and then the Cross to Light office number. If you are still not able to connect you can wait and try again in 30 minutes. There are "tap tap's" (taxis) available at the airport as a last option. Give them the address of the Training Center and tell them it is in "Delmas 75".

US Re-Entry

When re-entering the United States from Haiti you will have to collect your luggage after Immigration and take it through Customs. Once passed customs you will have to hand your luggage back over to the next airline.
